## **INTRODUCTION**

MAS is a well known name in the elevator industry.

## **WHO WE ARE**

MAS Industries is export oriented company specializing in the customized design, development, manufacturing and distribution of high technology lift solutions including complete lifts, lift components, parking systems escalator -travelators and lift spare parts .

Our export activity extends internationally in more than 20 countries including Europe, Asia, Middle East and Africa . MAS is a well organised Lift Manufacturer incorporating the critical functions of R & D and after sales service together with the functions of manufacturing, procurement, sales marketing and HR.

MAS INDUSTRIES PVT. LTD.

2019

SAP HANA was implemented to streamline the workflow & strengthen the systems

2018

Company moved its footsteps towards expansion of manufacturing business by acquiring 2000 sq.mtr factory

2017

Bangalore branch was established

2016

Sheetmetal manufacturing plant with latest punching, laser & bending machine was setup

2014

Hyderabad and Chennai Branches were established

2011

Company specialised in the electronics segment for an elevator industry by launching varieties of COP, LOP, Display, PCB Borads

2009

Company specialised in the electrical segment for an elevator industry by launching elevator control panels

2007

Became first Indian company to achieve CE certification for Elevator Overspeed governor & safety gear

2003

MAS Industries Pvt Ltd was inaugurated by its founding members, among whom Mr Aslam Mukadam is the Chairman and Mr. Mahmood Kazi is the Managing Director.

OUR HISTORY

MAS INDUSTRIES PVT. LTD.

# HOME LIFT

■ creating your comfort is our passion

# StarG Ultra Delux

## For A Perfect Duplex

Unique tailor-made design options to upgrade your space. StarG Delux provides convenience with a more sophisticated approach. This indirect acting hydraulic life is suitable for vertical transportation inside or outside a multi-storey residence.

### GENERAL SPACE

Suspension	2:1
Machine Room	MRL

### TECH SPECIFICATIONS
